

Press Release

For a better future: The winners of the international competition „beyond bauhaus - prototyping the future“

Nearly 1.500 applicants from 50 countries responded to the „Germany - Land of Ideas“ initiative call for submissions.

Berlin, 17 June 2019 - The initiative „Germany - Land of Ideas“ is proud to announce the twenty winners of the international competition beyond bauhaus - prototyping the future. They were selected by an international jury. Further information can be found [here](#).

With „beyond bauhaus - prototyping the future“, „Germany - Land of Ideas“, together with the German Federal Foreign Office, Lotto Stiftung Berlin and SAP sought forward-looking design concepts against the backdrop of the centennial anniversary of the Bauhaus. The concepts were to address relevant social issues and contribute to making the world a fairer, more sustainable and better place.

From 16 August to 1 September 2019, the award winners will present their projects in an exhibition at Aufbau Haus Berlin, Germany.

Further information see www.beyondbauhaus.com.

About the „Germany - Land of Ideas“ initiative

„Germany - Land of Ideas“ is an initiative of the Federal Government and German industry. Its aim is to enhance Germany's international visibility and to engage in dialogue with other countries.
